## Burglaries Bud in the Spring

As we spring into the warm weather months, many folks plan to clean out their sheds and garages. This is no time to let your guard down! Criminals may have their eye on you! Please take the time to protect your property and valuables by following these simple suggestions for a pro-active approach:

- Secure your garage/shed at all times. An open garage/shed is an invitation for thieves to remove lawn equipment, bicycles, golf clubs and any other "junk" not kept inside the home. Denying access is one way to help keep crime out of your neighborhood.
- Record serial numbers and photograph your property. Unrecorded and unidentified valuables make it difficult for investigators to recover your property or catch the thief. Bicycle serial numbers are most commonly located under the bottom bracket where the two pedal cranks meet. Detecting stolen property makes it difficult for criminals to continue to pursue their dreams.
- Illuminate your neighborhood. Dark areas are an open invitation for thieves to migrate and flourish in your community. For less than 20 cents per day, one can adequately protect their home and neighborhood. Deterring criminal

activity is easily done by just a flip of the switch.

- Fortify your castle. Having adequate locks (deadbolts and/or auxiliary locking devices) make it difficult for thieves to invade your home. A free home inspection by the City's Crime Prevention Officers will not only help you safeguard your home, but also save you money on your homeowner's insurance. Please contact Crime Prevention at 817-410-3209 for a free home inspection. Delaying a criminal's ability to gain access by hardening your target sends the thieves away empty handed!
- Be involved with your neighborhood watch group and watch out for each other. Communicate with your neighbors when a suspicious person/vehicle has been spotted in your neighborhood. Neighbors working together are an essential foundation for a safer, happier community. 🍇

The famous Budweiser Clydesdales return to Main Street Days this year. These magnificent horses serve as a recognizable symbol of Budweiser and the Budweiser Brewery, one of the weekend's major sponsors. Be on the lookout the day before Main Street Days as the Clydesdales march into town and parade down Main Street to their festival home. 🍇

## Trash & Recycling Placement

A growing number of residents have begun placing trash and recycling containers in the street, sparking a number of calls regarding traffic safety. Placing trash in the street is a violation of our local ordinance and may result in citations. Please keep your trash out of the street.

To ensure collection, all containers and material should be placed at curbside in front of the residence yard where the material was generated, where the street address is marked, no later than 7 am on the day of scheduled collection.

Garbage, trash and/or yard waste should not be placed at curbside more than 12 hours prior to the day of pickup.

Small tree trimmings and branches (less than four feet long and six inches in diameter) should be tied and bundled for bi-weekly collection.

**All trash should be placed at curbside in front of your residence. It is a violation to place trash and debris in the street.**

**Good**

**Not Good**

## Vehicle Replacement Assistance

You may be eligible to receive up to \$3,500 towards replacing your vehicle if your car or truck is at least ten years old or has failed an emissions test. There are other conditions the vehicle must meet, and the owner must meet income requirements. For more information and to see if you qualify, please call 800-913-3321. 🍇

## GREENER Cleaner Grapevine

### New Landscape Irrigation Ordinance

On February 17, 2009, the Grapevine City Council approved an ordinance regulating landscape irrigation. This was in response to State Law requiring all municipalities to adopt landscape irrigation rules developed by the Texas Commission on Environmental Quality (TCEQ).

The new irrigation ordinance will help protect citizens and property owners in Grapevine by ensuring that systems are designed and installed properly, and that water conservation methods are employed.

Notable requirements contained within the new Landscape Irrigation Ordinance include:

- Permits are required for all new irrigation system installations.
- Comprehensive irrigation plans must be submitted to the City--signed and sealed by a licensed irrigation contractor unless prepared by a homeowner for their homestead.
- Specific installation and testing requirements for backflow prevention devices.
- System installation requirements including water conservation measures.

It should also be noted that the City Ordinance requires rain and freeze sensors be installed on all new irrigation systems, and existing commercial

irrigation systems are required to be retrofitted with rain and freeze sensors.

Please note that State Law and City Ordinance prohibits all irrigation systems from discharging water onto paved surfaces. Please check your irrigation system to make sure that it is not spraying water onto streets, sidewalks and driveways. This is not only wasteful, but potentially dangerous in freezing weather.

Please visit [www.grapevinetexas.gov](http://www.grapevinetexas.gov) or contact the Building Inspection Department at (817) 410-3165 if you have any questions about these requirements. 🍇

**Grapevine residents may pick up a free sensor at the Service Center, 501 Shadybrook, by showing proof of residency (utility bill or drivers license).**

## Come Play...and Bring All Your Friends!

The City of Grapevine's latest custom-designed play structure in Parr Park has been created to accommodate approximately 90 five- to twelve-year-olds. The central feature is a playweb that is 15 feet at its peak, and able to entertain 30 or more children at one time. This play structure allows the user to traverse the entire oval without touching the ground.

One of the first PVC-free playgrounds in the nation, this playground is created with recycled, crushed concrete.

Parr Park is located in the southern section of the City at 3010 Parr Lane. 🍇

## Awesome Teen Volunteers Wanted at Library

The Grapevine Public Library is seeking teenagers from 13 to 18 to assist the Library staff with the 2009 Summer Reading Club, "Deep in the Heart of Your Texas Community Library." The program runs June 5th through August 23rd.

Community service credits for National Honor Society, Ambassador's Program, scouting, college admission, and scholarship requirements may be met through community volunteering.

To become a Teen Volunteer, you must be thirteen years old by June 5th, available to start in June, able to donate a minimum of 20 hours of service and available a minimum of seven weeks during the summer.

Interested teens are invited to attend an orientation at the Grapevine Library, 1201 Municipal Way, on Tuesday, May 5th, from 6-7 pm. Summer Teen Volunteer Applications are available at the Library. Contact Bennie Hicks, bhicks@grapevinetexas.gov or call 817-410-3409 for additional information. 🍇
